New "Recycling as a Tenant" Video & Other Educational Resources

Collectively Sustainable: A Multifamily Newsletter

All multifamily properties are required to provide educational outreach to tenants within 14 days of move-in and on an annual basis. [We've developed an array of free materials that can be used to meet this goal and to promote recycling practices to tenants. This includes template lease and notice language, recycling brochures \(in multiple languages\), signage, and more.](#)

We've also created a video demonstrating how tenants can separate materials for recycling and organics collection within their unit. Consider sharing the ["Recycling as a Tenant" video \(available on SacGreenTeam.com\)](#) with tenants.

Tenant Topic

Instructions: Provide this information to tenants! Copy & paste or use our online flyer!

New "Recycling as a Tenant" Video!

Learn how to protect the environment by separating food scraps, food-soiled paper, and recyclables from the garbage in your unit! [Watch "Recycling as a Tenant" at SacGreenTeam.com!](#)
